Bibliography of case histories

1. A bibliography is requested on clandestine maritime surface activities as follows:

A. Support of resistance operations

- (1) In-exfiltration of personnel.
- (2) Resupply of resistance activities.
- (3) Intelligence smuggling.

B. Cases representative of as many geographic areas of the world as possible.

2. The O.S.S. Archives and U.S. Naval records have previously been searched.

3. Due to a current need it will be appreciated if the information can be forwarded as acquired rather than holding until all the material is assembled.

4. The material should be factual and divided as WW II cases and post-war Agency cases.

5. A complete request covering maritime activities will be forthcoming.
